IN34 Additional Action Points for sites JPA1.1 (Heywood / Pilsworth), JPA28 (North of Irlam Station), JPA29 (Port Salford Extension) and JPA30 (Ashton Moss West)

Introduction

The following additional actions are required by the GMCA. The responses to the action points in this note should be submitted to the Programme Officer by **midday on Friday 28 April 2023**.

AP135. GMCA to prepare Statements of Common Ground with Natural England and any relevant site promoters for each of the above sites. This should set out the areas of agreement and disagreement relating to the extent of the peat on the site, the quality of the peat, the potential for restoration and likelihood of this being achieved. These will assist in our consideration of whether any further actions are necessary.
