Dear Sir or Madam.

I am writing to strongly disagree with the changing of a public footpath to another rerouted path.

The applicants of the submitted plan wish to stop the PUBLIC footpath passing through their land and have provided a longer re-route which they describe as a 'permissive' footpath, which they state they can retract at any time.

The footpath in question is used by hundreds of walkers each week and to end it being a 'public footpath' of which it has been for many decades, is a corrosion of the local public right of ways which we are seeing more of in the past few years. I hope this objection is seen in the light that it is sent. P.T.O

Please help preserve our heritage and
allow many of the local people to maintain
their right to pass through the countryside
as did our forefathers on these some
'Public' footpaths.

Yours Sincerely
MR CHRIS NUTTALL.
