**Ref: Proposed diversion of public footpath at Wolfstone Heights Farm**

I am writing in about the new footpath diversion at Wolfstone Heights Farm after seeing the objections being posted all over facebook to show my support for the new diversion route.

I have lived in Honley for the past 10 years as a cleaner/housekeeper and I have always used the route between Netherthong and Wolfstone Road as a place to walk my dog during my lunchtime breaks. However I was always apprehensive crossing the road at the top of the drive as it was difficult to see both ways for any vehicles coming (I have witnesses quite a few near misses!). The new diversion has now put me at ease, not only is the new route much more beautiful and well maintained it is also much safer when reaching the crossing point for the road as you can see both up the hill and down the hill for cars.

I have walked the new route quite a few times now and I can say with certainty that it is better in every way than the old one, and I have no idea why people are so negative about it on Facebook. The people who did the new route even took the time to put benches in so we can sit and admire the views, which are stunning.

I am in full support of this new route and I look forward to walking it more often in the future

Regards,

Denise Mace
