Ref : Footpath diversion Holmfirth 60

Dear Secretary of State,

I write with regard to my support for the proposed footpath diversion and wholly endorse the proposed new route.

As a regular walker I am very pleased to support this application. The proposed route has a number of compelling benefits not least the increased scenic enjoyment which is a marked improvement on the existing route but also the increased visibility when approached by oncoming traffic.

On my walks I notice that very often both children & more elderly people use public footpaths. Any improvement that both encourages their use and improves safety whilst doing so is a good thing and should be encouraged.

I fully support this proposal and would encourage you to do so.

Yours sincerely

Jason Greenwood
