Subject: Footpath diversion Holmfirth 60, Wolfstones Road, Upperthong.

To whom it may concern,

I am writing to support the proposed diversion of the public footpath at Wolfstones Road Upperthong.

My fiancé and I live in the local area and regularly walk this route. Since the new footpath has been put in place we have been using this and find the footpath much more scenic and walker friendly.

The new footpath offers breathtaking views across to Castle Hill and surrounding areas in comparison with walking between the two houses as previous. There has also been benches placed along the footpath allowing walkers to sit and admire the views.

From leaving the footpath on to the road the new footpath allows better vision of the oncoming traffic unlike the old footpath that enters the road on a blind corner.

In my opinion I feel the new footpath is a much more pleasurable and safer walk for pedestrians.

I hope you will consider my points made in this email.

Kind regards,
Tom Willans
