Subject: Footpath diversion Holmfirth 60

59

Dear Secretary of State,

As a resident of Upperthong village and a regular runner around the area I have noticed the diversion signs along the Wolfstone Heights Farm walking route.

I have run along this route for the past 6 years and can say without doubt that the new path is a much more enjoyable and useful route for myself.

On my regular run I would turn right to run towards Honley, the new path makes this easier and in my opinion safer, as I have a clearer view of any oncoming traffic turning the corner.

In addition I often felt a little intrusive on the old route, running straight through someone's property and often causing their dogs to bark. The new path completely avoids this issue and allows me a more tranquil and pleasant run.

Thank you for taking this into consideration.

Yours Sincerely

Rebecca Haigh
