Subject: Wolf stones footpath diversion

I live at [redacted] . I am a runner, training regularly for marathons and enjoy nothing more than to try out as many routes as I can during training. The route I refer to here is spot on and by far a favourite of mine, I run it every day.

I give my support to the footpath diversion as it's much better to run off-road away from traffic, and the exit onto the Wolfstones road is much safer with far better visibility.

Yours sincerely
S.Joyce
