[9th November 2021]

BE IT ENACTED by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

PART 1

ENVIRONMENTAL GOVERNANCE

CHAPTER 1

IMPROVING THE NATURAL ENVIRONMENT

Environmental targets

1 Environmental targets

- (1) The Secretary of State may by regulations set long-term targets in respect of any matter which relates to—
- (a) the natural environment, or
 - (b) people's enjoyment of the natural environment.

Status: This is the original version (as it was originally enacted).

- (2) The Secretary of State must exercise the power in subsection (1) so as to set a long-term target in respect of at least one matter within each priority area.
- (3) The priority areas are—
 - (a) air quality;
 - (b) water;
 - (c) biodiversity;
 - (d) resource efficiency and waste reduction.
- (4) A target set under this section must specify—
 - (a) a standard to be achieved, which must be capable of being objectively measured, and
 - (b) a date by which it is to be achieved.
- (5) Regulations under this section may make provision about how the matter in respect of which a target is set is to be measured.
- (6) A target is a “long-term” target if the specified date is no less than 15 years after the date on which the target is initially set.
- (7) A target under this section is initially set when the regulations setting it come into force.
- (8) In this Part the “specified standard” and “specified date”, in relation to a target under this section, mean the standard and date (respectively) specified under subsection (4).
- (9) The Secretary of State may not by regulations under this section make any provision which, if contained in an Act of Senedd Cymru, would be within the legislative competence of the Senedd.

2 Environmental targets: particulate matter

- (1) The Secretary of State must by regulations set a target (“the PM_{2.5} air quality target”) in respect of the annual mean level of PM_{2.5} in ambient air.
- (2) The PM_{2.5} air quality target may, but need not, be a long-term target.
- (3) In this section “PM_{2.5}” means particulate matter with an aerodynamic diameter not exceeding 2.5 micrometres.
- (4) Regulations setting the PM_{2.5} air quality target may make provision defining “ambient air”.
- (5) The duty in subsection (1) is in addition to (and does not discharge) the duty in section 1(2) to set a long-term target in relation to air quality.
- (6) Section 1(4) to (9) applies to the PM_{2.5} air quality target and to regulations under this section as it applies to targets set under section 1 and to regulations under that section.
- (7) In this Part “the PM_{2.5} air quality target” means the target set under subsection (1).

3 Environmental targets: species abundance

- (1) The Secretary of State must by regulations set a target (the “species abundance target”) in respect of a matter relating to the abundance of species.

Status: This is the original version (as it was originally enacted).

- (2) The specified date for the species abundance target must be 31 December 2030.
- (3) Accordingly, the species abundance target is not a long-term target and the duty in subsection (1) is in addition to (and does not discharge) the duty in section 1(2) to set a long-term target in relation to biodiversity.
- (4) Before making regulations under subsection (1) which set or amend a target the Secretary of State must be satisfied that meeting the target, or the amended target, would halt a decline in the abundance of species.
- (5) Section 1(4) to (9) applies to the species abundance target and to regulations under this section as it applies to targets set under section 1 and to regulations under that section.
- (6) In this Part “the species abundance target” means the target set under subsection (1).

4 Environmental targets: process

- (1) Before making regulations under sections 1 to 3 the Secretary of State must seek advice from persons the Secretary of State considers to be independent and to have relevant expertise.
- (2) Before making regulations under sections 1 to 3 which set or amend a target the Secretary of State must be satisfied that the target, or amended target, can be met.
- (3) The Secretary of State may make regulations under sections 1 to 3 which revoke or lower a target (the “existing target”) only if satisfied that—
 - (a) meeting the existing target would have no significant benefit compared with not meeting it or with meeting a lower target, or
 - (b) because of changes in circumstances since the existing target was set or last amended the environmental, social, economic or other costs of meeting it would be disproportionate to the benefits.
- (4) Before making regulations under sections 1 to 3 which revoke or lower a target the Secretary of State must lay before Parliament, and publish, a statement explaining why the Secretary of State is satisfied as mentioned in subsection (3).
- (5) Regulations lower a target if, to any extent, they—
 - (a) replace the specified standard with a lower standard, or
 - (b) replace the specified date with a later date.
- (6) Regulations under section 2 may not revoke the PM_{2.5} air quality target (but may amend it in accordance with this section).
- (7) For the purposes of this Part a target is met if the specified standard is achieved by the specified date.
- (8) Regulations under sections 1 to 3 are subject to the affirmative procedure.
- (9) A draft of a statutory instrument (or drafts of statutory instruments) containing regulations setting—
 - (a) each of the targets required by section 1(2),
 - (b) the PM_{2.5} air quality target, and
 - (c) the species abundance target,must be laid before Parliament on or before 31 October 2022.

5 Environmental targets: effect

It is the duty of the Secretary of State to ensure that—

- (a) targets set under section 1 are met,
- (b) the PM_{2.5} air quality target set under section 2 is met, and
- (c) the species abundance target set under section 3 is met.

6 Environmental targets: reporting duties

- (1) Regulations under section 1, 2 or 3 must specify a reporting date for any target set under that section.
- (2) On or before the reporting date the Secretary of State must lay before Parliament, and publish, a statement containing the required information about the target.
- (3) The required information about a target is (as appropriate)—
 - (a) that the target has been met,
 - (b) that the target has not been met, or
 - (c) that the Secretary of State is not yet able to determine whether the target has been met, the reasons for that and the steps the Secretary of State intends to take in order to determine whether the target has been met.
- (4) Where the Secretary of State makes a statement that the target has not been met the Secretary of State must, before the end of the 12 month period beginning with the date on which the statement is laid, lay before Parliament, and publish, a report.
- (5) The report must—
 - (a) explain why the target has not been met, and
 - (b) set out the steps the Secretary of State has taken, or intends to take, to ensure the specified standard is achieved as soon as reasonably practicable.
- (6) Where the Secretary of State makes a statement that the Secretary of State is not yet able to determine whether the target has been met the Secretary of State must, before the end of the 6 month period beginning with the date on which the statement is laid, lay before Parliament, and publish, a further statement containing the required information.
- (7) Subsections (3) to (6) apply to further statements under subsection (6) as they apply to a statement under subsection (2).

7 Environmental targets: review

- (1) The Secretary of State must review targets set under sections 1 to 3 in accordance with this section.
- (2) The purpose of the review is to consider whether the significant improvement test is met.
- (3) The significant improvement test is met if meeting—
 - (a) the targets set under sections 1 to 3, and
 - (b) any other environmental targets which meet the conditions in subsection (8) and which the Secretary of State considers it appropriate to take into account, would significantly improve the natural environment in England.

- (4) Having carried out the review the Secretary of State must lay before Parliament, and publish, a report stating—
 - (a) whether the Secretary of State considers that the significant improvement test is met, and
 - (b) if the Secretary of State considers that the test is not met, the steps the Secretary of State intends to take in relation to the powers in sections 1 to 3 to ensure that it is met.
- (5) The first review must be completed by 31 January 2023.
- (6) Subsequent reviews must be completed before the end of the 5 year period beginning with the day on which the previous review was completed.
- (7) A review is completed when the Secretary of State has laid and published the report.
- (8) The conditions mentioned in subsection (3)(b) are that—
 - (a) the target relates to an aspect of the natural environment in England or an area which includes England,
 - (b) it specifies a standard to be achieved which is capable of being objectively measured,
 - (c) it specifies a date by which the standard is to be achieved, and
 - (d) it is contained in legislation which forms part of the law of England and Wales.
- (9) In this section “England” includes—
 - (a) the English inshore region, and
 - (b) the English offshore region,within the meaning of the Marine and Coastal Access Act 2009 (see section 322 of that Act).

- (1) The Secretary of State must prepare an environmental improvement plan.
- (2) An “environmental improvement plan” is a plan for significantly improving the natural environment in the period to which the plan relates.
- (3) That period must not be shorter than 15 years.
- (4) An environmental improvement plan must set out the steps Her Majesty’s Government intends to take to improve the natural environment in the period to which the plan relates.
- (5) It may also set out steps Her Majesty’s Government intends to take to improve people’s enjoyment of the natural environment in that period (and if it does so references in this Part to improving the natural environment, in relation to that plan, include improving people’s enjoyment of it).
- (6) The Secretary of State’s functions in relation to environmental improvement plans are not exercisable in relation to the natural environment in Wales.

Status: This is the original version (as it was originally enacted).

- (7) The document entitled “A green future: our 25 year plan to improve the environment” published by Her Majesty’s Government on 11 January 2018 is to be treated as an environmental improvement plan prepared by the Secretary of State under this section.

- (1) The Secretary of State must prepare annual reports on the implementation of the current environmental improvement plan.
- (2) An annual report must—
 - (a) describe what has been done, in the period to which the report relates, to implement the environmental improvement plan, and
 - (b) consider, having regard to any data obtained under section 16, whether the natural environment has, or particular aspects of it have, improved during that period.
- (3) In considering the matters in subsection (2)(b) an annual report must consider the progress that has been made towards achieving—
 - (a) any targets, or any relevant targets, set under sections 1 to 3, and
 - (b) any interim targets, or any relevant interim targets, set under sections 11 and 14.
- (4) The first annual report on the first environmental improvement plan may relate to any 12 month period that includes the day on which this section comes into force.
- (5) The first annual report on a subsequent environmental improvement plan must relate to the first 12 months of the period to which the plan relates.
- (6) Subsequent annual reports on an environmental improvement plan must relate to the 12 month period immediately following the 12 month period to which the previous annual report relates.
- (7) An annual report must be laid before Parliament before the end of the 4 month period beginning immediately after the last day of the period to which the report relates.
- (8) The Secretary of State must publish annual reports laid before Parliament under this section.

10 Reviewing and revising environmental improvement plans

- (1) The Secretary of State must—
 - (a) review the current environmental improvement plan in accordance with this section, section 11 and section 12, and
 - (b) if the Secretary of State is required to revise the plan under section 11, or considers it appropriate to revise the plan as a result of the review, revise the plan.

- (2) The period to which a revised plan relates must end at the same time as the period to which the current plan relates.
- (3) The first review of the first environmental improvement plan must be completed by 31 January 2023.
- (4) The first review of a subsequent environmental improvement plan must be completed before the end of the 5 year period beginning with the day on which it replaces the previous plan (see section 13(4)).

 - (a) the revised environmental improvement plan, and
 - (b) a statement explaining the revisions and the reasons for them.
- (7) If as a result of a review the Secretary of State does not revise the environmental improvement plan, the Secretary of State must lay before Parliament a statement explaining that and the reasons for it.
- (8) The Secretary of State must publish the documents laid under subsection (6) or (7).
- (9) A review is completed when the Secretary of State has laid and published the documents mentioned in subsection (6) or (7).
- (10) References in this Act to an environmental improvement plan include a revised environmental improvement plan.

11 Reviewing and revising plans: interim targets

- (1) On the first review of the first environmental improvement plan, the Secretary of State must revise the plan so as to—
 - (a) set at least one interim target in respect of each relevant matter, and
 - (b) secure that there is at all times, until the end of the 5 year period beginning with the relevant date, an interim target set by the plan in respect of each relevant matter.
- (2) On any other review of an environmental improvement plan, the Secretary of State must make any revisions to the plan which are necessary in order to—
 - (a) set at least one interim target in respect of any matter that has become a relevant matter since the previous review, and

- (9) The “relevant date” is the date on which the review is completed.

12 Reviewing and revising plans: other requirements

- (1) In reviewing an environmental improvement plan under section 10, the Secretary of State must consider—
 - (a) what has been done to implement the plan in the period since it was published or (if it has been reviewed before) last reviewed,

Environmental monitoring

16 Environmental monitoring

- (1) The Secretary of State must make arrangements for obtaining such data about the natural environment as the Secretary of State considers appropriate for the purpose of monitoring—
 - (a) whether the natural environment is, or particular aspects of it are, improving in accordance with the current environmental improvement plan,

Status: This is the original version (as it was originally enacted).

19 Policy statement on environmental principles: effect

- (1) A Minister of the Crown must, when making policy, have due regard to the policy statement on environmental principles currently in effect.
- (2) Nothing in subsection (1) requires a Minister to do anything (or refrain from doing anything) if doing it (or refraining from doing it)—
 - (a) would have no significant environmental benefit, or
 - (b) would be in any other way disproportionate to the environmental benefit.
- (3) Subsection (1) does not apply to policy so far as relating to—
 - (a) the armed forces, defence or national security,
 - (b) taxation, spending or the allocation of resources within government, or

- (6) In this section “reserved matters” has the same meaning as in the Scotland Act 1998.

Environmental protection: statements and reports

20 Statements about Bills containing new environmental law

- (1) This section applies where a Minister of the Crown in charge of a Bill in either House of Parliament is of the view that the Bill as introduced into that House contains provision which, if enacted, would be environmental law.
- (2) The Minister must, before Second Reading of the Bill in the House in question, make—
 - (a) a statement to the effect that in the Minister’s view the Bill contains provision which, if enacted, would be environmental law, and
 - (b) a statement under subsection (3) or (4).

- (4) A statement under this subsection is a statement to the effect that—
 - (a) the Minister is unable to make a statement under subsection (3), but
 - (b) Her Majesty’s Government nevertheless wishes the House to proceed with the Bill.
- (5) In making a statement under this section the Minister may in particular take into account the possibility that a Bill, by making provision that is different from existing environmental law, might provide for the same or a greater level of environmental protection.
- (6) For the purposes of this section—

- (a) references to environmental protection provided for by any existing environmental law includes any protection which could be provided for under powers conferred by the existing environmental law, and
 - (b) in considering the effect of a Bill, any powers conferred by the Bill to provide for any environmental protection may be taken into account.
- (7) A statement under this section must be in writing and be published in such manner as the Minister considers appropriate.
- (8) “Existing environmental law”, in relation to a statement under this section, means environmental law existing at the time that the Bill to which the statement relates is introduced into the House in question, whether or not the environmental law is in force.

- (6) A report under this section must be laid before Parliament, and published, as soon as reasonably practicable after the end of the reporting period to which it relates.

CHAPTER 2

THE OFFICE FOR ENVIRONMENTAL PROTECTION

The Office for Environmental Protection

22 The Office for Environmental Protection

- (1) A body corporate called the Office for Environmental Protection is established.
- (2) In this Act that body is referred to as “the OEP”.
- (3) Schedule 1 makes further provision about the OEP.

23 Principal objective of the OEP and exercise of its functions

- (1) The principal objective of the OEP in exercising its functions is to contribute to—
 - (a) environmental protection, and
 - (b) the improvement of the natural environment.
- (2) The OEP must—
 - (a) act objectively and impartially, and
 - (b) have regard to the need to act proportionately and transparently.
- (3) The OEP must prepare a strategy that sets out how it intends to exercise its functions.
- (4) In particular, the strategy must set out—
 - (a) how the OEP will further its principal objective,
 - (b) how the OEP will act objectively and impartially, and
 - (c) how the OEP will have regard to the need to act proportionately and transparently.
- (5) The strategy must also set out—
 - (a) how the OEP intends to avoid any overlap between the exercise of its functions and the exercise by the Committee on Climate Change of that committee's functions, and
 - (b) how the OEP intends to co-operate with devolved environmental governance bodies.
- (6) The strategy must contain an enforcement policy that sets out—
 - (a) how the OEP intends to determine whether failures to comply with environmental law are serious for the purposes of sections 33(1)(b) and (2)(b), 35(1)(b), 36(1)(b), 38(1)(b) and 39(1)(a) and (7),
 - (b) how the OEP intends to determine whether damage to the natural environment or to human health is serious for the purposes of section 39(2),
 - (c) how the OEP intends to exercise its enforcement functions in a way that respects the integrity of other statutory regimes (including statutory provision for appeals),
 - (d) how the OEP intends to avoid any overlap between the exercise of its functions under sections 32 to 34 (complaints) and the exercise by each relevant ombudsman of their functions, and
 - (e) how the OEP intends to prioritise cases.
- (7) In considering its enforcement policy the OEP must have regard to the particular importance of prioritising cases that it considers have or may have national implications, and the importance of prioritising cases—
 - (a) that relate to ongoing or recurrent conduct,
 - (b) that relate to conduct that the OEP considers may cause (or has caused) serious damage to the natural environment or to human health, or
 - (c) that the OEP considers may raise a point of environmental law of general public importance.
- (8) The OEP's "enforcement functions" are its functions under sections 32 to 41.
- (9) For the purposes of this Part, each of the following is a "relevant ombudsman"—
 - (a) the Commission for Local Administration in England;
 - (b) the Parliamentary Commissioner for Administration.

24 The OEP’s strategy: process

- (1) The OEP must—

The OEP's enforcement functions

31 Failure of public authorities to comply with environmental law

- (1) Sections 32 to 41 make provision about functions of the OEP in relation to failures by public authorities to comply with environmental law.
- (2) For the purposes of those sections, a reference to a public authority failing to comply with environmental law means the following conduct by that authority—
 - (a) unlawfully failing to take proper account of environmental law when exercising its functions;
 - (b) unlawfully exercising, or failing to exercise, any function it has under environmental law.
- (3) In this Part “public authority” means a person carrying out any function of a public nature that is not a devolved function, a parliamentary function or a function of any of the following persons—
 - (a) the OEP;
 - (b) a court or tribunal;
 - (c) either House of Parliament;
 - (d) a devolved legislature;
 - (e) the Scottish Ministers, the Welsh Ministers, a Northern Ireland department or a Minister within the meaning of the Northern Ireland Act 1998.

- (1) A person may make a complaint to the OEP under this section if the person believes that a public authority has failed to comply with environmental law.
- (2) The OEP must prepare and publish a document which sets out the procedure by which complaints can be made.
- (3) A complaint under this section must be made in accordance with that procedure (as most recently published).
- (4) A complaint under this section may not be made by any person whose functions include functions of a public nature.
- (5) A complaint about a public authority may not be made under this section if—
 - (a) the authority operates a procedure for considering complaints (“an internal complaints procedure”) under which the complaint could be considered, and
 - (b) that procedure has not been exhausted.
- (6) A complaint under this section may not be made after the later of—
 - (a) the end of the 1 year period beginning with the day on which the alleged failure that is the subject of the complaint last occurred, and
 - (b) if the substance of the complaint was subject to an internal complaints procedure, the end of the 3 month period beginning with the day on which that procedure was exhausted.
- (7) The OEP may waive the time limit in subsection (6) if it considers that there are exceptional reasons for doing so.

33 Investigations

- (1) The OEP may carry out an investigation under this section if it receives a complaint made under section 32 that, in its view, indicates that—
 - (a) a public authority may have failed to comply with environmental law, and
 - (b) if it has, the failure would be a serious failure.
- (2) The OEP may carry out an investigation under this section without having received such a complaint if it has information that, in its view, indicates that—
 - (a) a public authority may have failed to comply with environmental law, and
 - (b) if it has, the failure would be a serious failure.
- (3) An investigation under this section is an investigation into whether the public authority has failed to comply with environmental law.
- (4) The OEP must notify the public authority of the commencement of the investigation.
- (5) The OEP must prepare a report on the investigation and provide it to the public authority.
- (6) The OEP is not required to prepare a report until it has concluded that it intends to take no further steps under this Chapter in relation to the alleged failure to comply with environmental law that is the subject of the investigation.
- (7) The OEP is not required to prepare a report if it has applied for an environmental review, judicial review or statutory review (see sections 38 and 39) in relation to the alleged failure.

Status: This is the original version (as it was originally enacted).

- (8) The report must set out—
 - (a) whether the OEP considers that the public authority has failed to comply with environmental law,
 - (b) the reasons the OEP came to that conclusion, and
 - (c) any recommendations the OEP may have (whether generally or for the public authority) in light of those conclusions.
- (9) The OEP may publish the report or parts of it.
- (10) If the public authority is not a Minister of the Crown, the OEP must also—
 - (a) notify the relevant Minister of the commencement of the investigation, and
 - (b) provide the relevant Minister with the report prepared under subsection (5).
- (11) In this Part “the relevant Minister”, in relation to a failure (or alleged failure) of a public authority to comply with environmental law, means the Minister of the Crown that the OEP considers appropriate having regard to the nature of the public authority and the nature of the failure.

34 Duty to keep complainants informed

- (1) Where a person makes a complaint to the OEP alleging that a public authority has failed to comply with environmental law, the OEP must keep the complainant informed about its handling of the complaint.
- (2) In particular, the OEP must—
 - (a) notify the complainant if it does not intend to consider the complaint because the complaint was not made in accordance with section 32;
 - (b) notify the complainant if it has concluded that it will not be commencing an investigation under section 33 in relation to the complaint;
 - (c) notify the complainant if it commences an investigation under section 33 in relation to the complaint;
 - (d) if such an investigation is commenced, notify the complainant—
 - (i) where it provides a report under section 33(5) to the public authority that is the subject of the investigation, that it has provided it;
 - (ii) where it applies for an environmental review (see section 38), for permission to apply for judicial review or for statutory review (see section 39), in relation to the alleged failure to comply with environmental law that is the subject of the investigation, that it has made such an application;
 - (e) provide the complainant with a copy of any document published under section 33(9) in relation to any investigation in relation to the complaint.

35 Information notices

- (1) The OEP may give an information notice to a public authority if—
 - (a) the OEP has reasonable grounds for suspecting that the authority has failed to comply with environmental law, and
 - (b) it considers that the failure, if it occurred, would be serious.
- (2) An information notice is a notice which—

- (a) describes an alleged failure of a public authority to comply with environmental law,
 - (b) explains why the OEP considers that the alleged failure, if it occurred, would be serious, and
 - (c) requests that the authority provide such information relating to the allegation as may be specified in the notice.
- (3) The recipient of an information notice must—
 - (a) respond in writing to the notice, and
 - (b) so far as is reasonably practicable, provide the OEP with the information requested in the notice.
- (4) The recipient of an information notice must comply with subsection (3) by—
 - (a) the end of the 2 month period beginning with the day on which the notice was given, or
 - (b) such later date as may be specified in the notice.
- (5) The written response to an information notice must set out—
 - (a) the recipient's response to the allegation described in the notice, and
 - (b) what steps (if any) the recipient intends to take in relation to the allegation.
- (6) The OEP may—
 - (a) withdraw an information notice;
 - (b) give more than one information notice in respect of the same alleged failure of a public authority to comply with environmental law.
- (7) Where the OEP intends to give an information notice to a public authority in respect of an alleged failure to comply with environmental law which relates to emissions of greenhouse gases (within the meaning of the Climate Change Act 2008), the OEP—
 - (a) must notify the Committee on Climate Change of its intention before it gives the notice to the authority, and
 - (b) must provide that Committee with such information relating to the alleged failure as the OEP considers appropriate.

36 Decision notices

- (1) The OEP may give a decision notice to a public authority if—
 - (a) the OEP is satisfied, on the balance of probabilities, that the authority has failed to comply with environmental law, and
 - (b) it considers that the failure is serious.
- (2) A decision notice is a notice that—
 - (a) describes a failure of a public authority to comply with environmental law,
 - (b) explains why the OEP considers that the failure is serious, and
 - (c) sets out the steps the OEP considers the authority should take in relation to the failure (which may include steps designed to remedy, mitigate or prevent reoccurrence of the failure).
- (3) The recipient of a decision notice must respond in writing to that notice by—
 - (a) the end of the 2 month period beginning with the day on which the notice was given, or
 - (b) such later date as may be specified in the notice.

Status: This is the original version (as it was originally enacted).

- (4) The written response to a decision notice must set out—
 - (a) whether the recipient agrees that the failure described in the notice occurred,
 - (b) whether the recipient intends to take the steps set out in the notice, and
 - (c) what other steps (if any) the recipient intends to take in relation to the failure described in the notice.
- (5) The OEP—
 - (a) may not give a decision notice to a public authority unless it has first given at least one information notice relating to the failure of the authority to comply with environmental law that is described in the decision notice;
 - (b) may withdraw a decision notice.

37 Linked notices

- (1) If the OEP gives an information notice or a decision notice to more than one public authority in respect of the same or similar conduct, it may determine that those notices are linked.
- (2) A Minister of the Crown may request that the OEP determine that information notices or decision notices are linked and the OEP must have regard to that request.
- (3) The OEP must provide the recipient of an information notice or a decision notice (a “principal notice”) with a copy of every information notice or decision notice which is linked to it (and such a notice is referred to in this section as a “linked notice”).
- (4) The OEP must provide the recipient of a principal notice with a copy of any relevant correspondence, relating to a linked notice, between the OEP and the recipient of that linked notice.
- (5) The OEP must provide the recipient of a principal notice with a copy of any relevant correspondence between the OEP and the relevant Minister that relates to a linked notice.
- (6) Subsection (5) does not apply where either the recipient of the principal notice or the linked notice is a Minister of the Crown.
- (7) The obligation to provide a copy of any notice or correspondence under this section does not apply where the OEP considers that in the circumstances it would not be in the public interest to do so.
- (8) For the purposes of this section, correspondence is relevant if—
 - (a) it is not correspondence in connection with an environmental review or any other legal proceedings (such as judicial review), and
 - (b) it is not correspondence sent by virtue of section 40(1)(a) or (b).

38 Environmental review

- (1) Where the OEP has given a decision notice to a public authority it may apply to the court for an environmental review, but only if—
 - (a) it is satisfied, on the balance of probabilities, that the authority has failed to comply with environmental law, and
 - (b) it considers that the failure is serious.

- (2) An environmental review is a review of alleged conduct of the authority that is described in the decision notice as constituting a failure to comply with environmental law.
- (3) An application for an environmental review may not be made—
 - (a) before the earlier of—
 - (i) the end of the period within which the authority must respond to the decision notice in accordance with section 36(3), and
 - (ii) the date on which the OEP receives the authority's response to that notice, or
 - (b) before the expiry of any time limit which applies to the commencement of judicial review or other similar legal proceedings for questioning the alleged conduct.
- (4) Any restriction imposed by or under any other enactment on questioning the conduct of a public authority in legal proceedings does not apply to an environmental review.
- (5) On an environmental review the court must determine whether the authority has failed to comply with environmental law, applying the principles applicable on an application for judicial review.
- (6) If the court finds that the authority has failed to comply with environmental law, it must make a statement to that effect (a “statement of non-compliance”).
- (7) A statement of non-compliance does not affect the validity of the conduct in respect of which it is given.
- (8) Where the court makes a statement of non-compliance it may grant any remedy that could be granted by it on a judicial review other than damages, but only if Condition A or Condition B is met.
- (9) Condition A is that the court is satisfied that granting the remedy would not—
 - (a) be likely to cause substantial hardship to, or substantially prejudice the rights of, any person other than the authority, or
 - (b) be detrimental to good administration.
- (10) Condition B is that Condition A is not met but the court is satisfied that—
 - (a) granting the remedy is necessary in order to prevent or mitigate serious damage to the natural environment or to human health, and
 - (b) there is an exceptional public interest reason to grant it.
- (11) In deciding whether to grant a remedy the court must (subject to subsection (8)) apply the principles applicable on an application for judicial review; but this does not require the court to apply section 31(2A) of the Senior Courts Act 1981 (High Court to refuse to grant relief where the outcome for the applicant not substantially different) on an environmental review in England and Wales.
- (12) If, on an environmental review, the court has made a statement of non-compliance in respect of a public authority, and the statement has not been overturned on appeal, the authority must publish a statement that sets out the steps it intends to take in light of the review.
- (13) A statement under subsection (12) must be published before the end of the 2 month period beginning with the day the review (including any appeal) concludes.

Status: This is the original version (as it was originally enacted).

(14) In this section—

“the court” means—

- (a) in relation to an environmental review arising under the law of England and Wales or Northern Ireland, the High Court, or
- (b) in relation to an environmental review arising under the law of Scotland, the Court of Session;

“enactment” has the same meaning as in the European Union (Withdrawal) Act 2018;

“the principles applicable on an application for judicial review” means, in relation to an environmental review, the principles that would apply on an application for judicial review in the jurisdiction under which the environmental review arises;

“remedy” includes any relief or order.

39 Judicial review: powers to apply in urgent cases and to intervene

- (1) The OEP may apply for judicial review, or a statutory review, in relation to conduct of a public authority (whether or not it has given an information notice or a decision notice to the authority in respect of that conduct) if—
 - (a) the OEP considers that the conduct constitutes a serious failure to comply with environmental law, and
 - (b) the urgency condition is met.
- (2) The urgency condition is that making an application under subsection (1) (rather than proceeding under sections 35 to 38) is necessary to prevent, or mitigate, serious damage to the natural environment or to human health.
- (3) Section 31(2A), (3C) and (3D) of the Senior Courts Act 1981 (High Court to refuse to grant leave or relief where the outcome for the applicant not substantially different) does not apply to an application for judicial review made under subsection (1) in England and Wales.
- (4) If, on an application for judicial review or a statutory review made by virtue of subsection (1), there is a finding that a public authority has failed to comply with environmental law, and the finding has not been overturned on appeal, the authority must publish a statement that sets out the steps it intends to take in light of the finding.
- (5) A statement under subsection (4) must be published before the end of the 2 month period beginning with the day the proceedings relating to the application for judicial review or the statutory review (including any appeal) conclude.
- (6) Subsection (7) applies to proceedings (including any appeal) that—
 - (a) are in respect of an application for judicial review or a statutory review, and
 - (b) relate to an alleged failure by a public authority to comply with environmental law (however the allegation is framed in those proceedings).
- (7) If the OEP considers that the alleged failure, if it occurred, would be serious, it may apply to intervene in the proceedings (whether it considers that the public authority has, or has not, failed to comply with environmental law).
- (8) In this Part—

- (a) except in section 38, reference to an application for judicial review includes an application for the permission of the High Court or, as the case may be, the Court of Session to apply for judicial review;
- (b) “statutory review” means a claim for statutory review under—
 - (i) section 287 or 288 of the Town and Country Planning Act 1990,
 - (ii) section 63 of the Planning (Listed Buildings and Conservation Areas) Act 1990,
 - (iii) section 22 of the Planning (Hazardous Substances) Act 1990, or
 - (iv) section 113 of the Planning and Compulsory Purchase Act 2004.

40 Duty of the OEP to involve the relevant Minister

- (1) Where the recipient of an information notice or a decision notice is not a Minister of the Crown, the OEP must—
 - (a) provide the relevant Minister with—
 - (i) a copy of the notice and,
 - (ii) a copy of any correspondence between the OEP and the recipient of the notice that relates to the notice (apart from correspondence sent by virtue of paragraph (b)), and
 - (b) provide the recipient of the notice with a copy of any correspondence between the OEP and the relevant Minister that relates to the notice (apart from correspondence sent by virtue of paragraph (a)).
- (2) The obligation to provide a copy of any notice or correspondence under subsection (1) does not apply where the OEP considers that in the circumstances it would not be in the public interest to do so.
- (3) Where the OEP makes an application for an environmental review, judicial review or statutory review in which the relevant Minister is not a party, it must provide the relevant Minister with—
 - (a) a copy of the application, and
 - (b) a statement of whether the OEP considers the relevant Minister should participate in the review (for example, by applying to be a party).

41 Public statements

- (1) Where the OEP gives an information notice or a decision notice, applies for an environmental review, judicial review or statutory review or applies to intervene in a judicial review or statutory review, it must publish a statement that—
 - (a) states that the OEP has taken that step,
 - (b) describes the failure (or alleged failure) of a public authority to comply with environmental law in relation to which that step was taken, and
 - (c) sets out such further information as the OEP considers appropriate.
- (2) Subsection (1) does not apply if the OEP considers that in the circumstances it would not be in the public interest to publish a statement.

Information

42 Disclosures to the OEP

- (1) No obligation of secrecy imposed by statute or otherwise prevents a person from—
 - (a) in accordance with section 27(1), providing the OEP with information in connection with an investigation under section 33, an information notice or a decision notice, or
 - (b) providing information to the OEP in accordance with section 35(3)(b).
- (2) But nothing in this Part—
 - (a) requires a person to provide the OEP with information that the person would be entitled to refuse to provide in civil proceedings on grounds of legal professional privilege (or, in Scotland, confidentiality of communications), or
 - (b) requires a person to provide the OEP with information that the person would be entitled, or required by any rule of law, to refuse to provide in civil proceedings on grounds of public interest immunity.
- (3) No obligation of secrecy imposed by statute or otherwise prevents a relevant ombudsman from providing information to the OEP—
 - (a) for purposes connected with the exercise of the OEP’s functions under section 33;
 - (b) for purposes connected with the co-ordination of the OEP’s functions that relate to investigations under section 33 and the ombudsman’s functions that relate to investigations by the ombudsman.
- (4) Nothing in this Part requires or authorises a disclosure of information that would contravene the data protection legislation (but in determining whether a disclosure would do so, take into account the duties imposed and powers conferred by this Part).
- (5) In this section “the data protection legislation” has the same meaning as in the Data Protection Act 2018 (see section 3(9) of that Act).

43 Confidentiality of proceedings

- (1) The OEP must not disclose—
 - (a) information obtained under section 27(1) or 35(3)(b), or
 - (b) correspondence between the OEP and a public authority that—
 - (i) relates to a particular information notice or decision notice, or
 - (ii) is, or contains, such a notice.
- (2) Subsection (1) does not apply to a disclosure—
 - (a) other than a disclosure of an information notice or a decision notice, made with the consent of the person who provided the information or correspondence;
 - (b) made for purposes connected with the exercise of the OEP’s functions under section 33 (investigations);
 - (c) made for purposes connected with the co-ordination of the OEP’s functions that relate to investigations under section 33 and a relevant ombudsman’s functions that relate to investigations by that ombudsman;
 - (d) made for the purposes of any publication of a report (or part of it) on an investigation under section 33;

- (e) made for purposes connected with the exercise of the OEP's functions under sections 35 to 41 (enforcement);
 - (f) made to a devolved environmental governance body for purposes connected with the exercise of a devolved environmental governance function;
 - (g) made for purposes connected with the protection of the natural environment in a country or territory outside the United Kingdom, to an authority of that country or territory, or an international organisation, that has functions in connection with the protection of the natural environment in that country or territory;
 - (h) of information, or correspondence, that relates only to a matter in relation to which the OEP has concluded that it intends to take no further steps under this Chapter.
- (3) A public authority must not disclose correspondence between the OEP and that, or any other, public authority that—
 - (a) relates to a particular information notice or decision notice, or
 - (b) is, or contains, such a notice.
- (4) Subsection (3) does not apply to a disclosure—
 - (a) made—
 - (i) in the case of a disclosure of correspondence between another public authority and the OEP other than correspondence that is, or contains, an information notice or a decision notice, with the consent of that authority and the OEP, or
 - (ii) in any other case, with the specific or general consent of the OEP;
 - (b) made for purposes connected with co-operating with any investigation under section 33;
 - (c) made for purposes connected with responding to any information notice or decision notice;
 - (d) made for purposes connected with any proceedings in relation to an environmental review, judicial review or statutory review.
- (5) The OEP may not give a person consent to disclose an information notice or a decision notice unless that notice relates only to a matter in relation to which the OEP has concluded that it intends to take no further steps under this Chapter.
- (6) If a public authority requests the consent of the OEP to disclose correspondence that relates only to a matter in relation to which the OEP has concluded that it intends to take no further steps under this Chapter, the OEP may not withhold that consent.
- (7) If information referred to in subsection (1) and held by the OEP, or referred to in subsection (3) and held by a public authority, is environmental information for the purposes of the Environmental Information Regulations 2004 ([S.I. 2004/3391](#)) or the Environmental Information (Scotland) Regulations 2004 ([S.S.I. 2004/520](#)), it is held by that person, for the purposes of the application of those regulations to that information, in connection with confidential proceedings.

CHAPTER 3

INTERPRETATION OF PART 1

44 Meaning of “natural environment”

In this Part the “natural environment” means—

- (a) plants, wild animals and other living organisms,
 - (b) their habitats,
 - (c) land (except buildings or other structures), air and water,

- (b) it appears from the agreement that the parties intend to create a conservation covenant, and
 - (c) the agreement is executed as a deed by the parties.
- (2) The reference in subsection (1)(a) to provision of a qualifying kind is to provision—
 - (a) requiring the landowner—
 - (i) to do, or not to do, something on land in England specified in the provision in relation to which the landowner holds a qualifying estate specified in the agreement for the purposes of the provision, or
 - (ii) to allow the responsible body to do something on such land, or
 - (b) requiring the responsible body to do something on such land.

- (7) The reference in subsection (5)(b) to the time when the successor acquired the estate in land concerned is, if the successor acquired that interest under a disposition which took effect at law only when registered in the register of title kept under the Land Registration Act 2002, to be read as a reference to the time when the disposition was made.

- (8) In subsection (5)(c) the successor’s “immediate predecessor” is, unless subsection (9) applies, the successor’s immediate predecessor in title.
- (9) If the successor is the first holder of an estate in land which is derived from another estate in land (whether the other estate is the qualifying estate or an estate derived, immediately or otherwise, from it) the successor’s immediate predecessor is the holder of that other estate when the derived estate was created.

 - (i) the land to which the obligation relates was, or was within an area, designated for a public purpose, and
 - (ii) compliance with the obligation would have involved a breach of any statutory control applying as a result of the designation.
- (2) If the only reason for the application of subsection (1)(c) was failure to obtain authorisation, the defendant must also show that all reasonable steps to obtain authorisation had been taken.
- (3) The defence under subsection (1)(c) does not apply if the designation was in force when the conservation covenant was created.

Linked notices

- 11 (1) If the OEP gives an information notice or a decision notice to more than one relevant public authority in respect of the same or similar conduct, it may determine that those notices are linked.
- (2) A Northern Ireland department may request that the OEP determine that information notices or decision notices are linked and the OEP must have regard to that request.
- (3) The OEP must provide the recipient of an information notice or a decision notice (a “principal notice”) with a copy of every information notice or decision notice which is linked to it (and such a notice is referred to in this section as a “linked notice”).

Status: This is the original version (as it was originally enacted).

- (4) The OEP must provide the recipient of a principal notice with a copy of any relevant correspondence, relating to a linked notice, between the OEP and the recipient of that linked notice.

- (8) The OEP must provide the recipient of an information notice or a decision notice with—
 - (a) a copy of every UK information notice or UK decision notice which is linked to it, and
 - (b) a copy of any relevant correspondence, relating to such a notice, between the OEP and the recipient of that notice.
- (9) The obligation to provide a copy of any notice or correspondence under this paragraph does not apply where the OEP considers that in the circumstances it would not be in the public interest to do so.
- (10) For the purposes of this paragraph, correspondence is relevant if—
 - (a) it is not correspondence in connection with a review application or any other legal proceedings, and

 - (a) it is satisfied, on the balance of probabilities, that the authority has failed to comply with relevant environmental law, and
 - (b) it considers that the failure is serious.
 - (2) A review application is an application for judicial review in respect of conduct of a relevant public authority, and any reference in this Part of this Schedule to a review application is to an application made by virtue of sub-paragraph (1).

 - (b) the date on which the OEP receives the authority’s response to that notice.

Status: This is the original version (as it was originally enacted).

- (4) Subject to that, the OEP may make a review application at any time (and accordingly any time limit, that would otherwise apply to the making of a review application, does not apply).
- (5) The High Court may grant a remedy on a review application only if Condition A or Condition B is met.
- (6) Condition A is that the court is satisfied that granting the remedy would not—
 - (a) be likely to cause substantial hardship to, or substantially prejudice the rights of, any person other than the authority, or
 - (b) be detrimental to good administration.
- (7) Condition B is that Condition A is not met but the court is satisfied that—
 - (a) granting the remedy is necessary in order to prevent or mitigate serious damage to the natural environment or to human health, and
 - (b) there is an exceptional public interest reason to grant it.
- (8) If, on a review application, there is a finding that a relevant public authority has failed to comply with relevant environmental law, and the finding has not been overturned on appeal, the authority must publish a statement that sets out the steps it intends to take in light of the finding.
- (9) A statement under sub-paragraph (8) must be published before the end of the 2 month period beginning with the day the proceedings relating to the review application (including any appeal) conclude.

Judicial review: powers to apply to prevent serious damage and to intervene

- 13
- (1) The OEP may make an application for judicial review in relation to conduct of a relevant public authority (whether or not it has given an information notice or a decision notice to the authority in respect of that conduct) if—
 - (a) the OEP considers that the conduct constitutes a serious failure to comply with relevant environmental law, and
 - (b) the urgency condition is met.
 - (2) The urgency condition is that making an application under sub-paragraph (1) (rather than proceeding under paragraphs 9 to 12) is necessary to prevent, or mitigate, serious damage to the natural environment or to human health.
 - (3) If, on an application for judicial review made by virtue of sub-paragraph (1), there is a finding that a relevant public authority has failed to comply with relevant environmental law, and the finding has not been overturned on appeal, the authority must publish a statement that sets out the steps it intends to take in light of the finding.

Duty of the OEP to involve the relevant department

- 14 (1) Where the recipient of an information notice or a decision notice is not a Northern Ireland department, the OEP must—

- (3) Where the OEP makes a review application, or an application for judicial review by virtue of paragraph 13(1), in which the relevant department is not a party, it must provide the relevant department with—
- (a) a copy of the application, and
 - (b) a statement of whether the OEP considers the relevant department should participate in the review (for example, by applying to be a party).

Public statements

- 15 (1) Where the OEP gives an information notice or a decision notice, makes a review application or an application for judicial review by virtue of paragraph 13(1) or applies to intervene in a judicial review, it must publish a statement that—
- (a) states that the OEP has taken that step,
 - (b) describes the failure (or alleged failure) of a relevant public authority to comply with relevant environmental law in relation to which that step was taken, and

Biodiversity gain objective

- 2 (1) The biodiversity gain objective is met in relation to development for which planning permission is granted if the biodiversity value attributable to the development exceeds the pre-development biodiversity value of the onsite habitat by at least the relevant percentage.
- (2) The biodiversity value attributable to the development is the total of—
 - (a) the post-development biodiversity value of the onsite habitat,
 - (b) the biodiversity value, in relation to the development, of any registered offsite biodiversity gain allocated to the development, and
 - (c) the biodiversity value of any biodiversity credits purchased for the development.
- (3) The relevant percentage is 10%.
- (4) The Secretary of State may by regulations amend this paragraph so as to change the relevant percentage.

Biodiversity value and the biodiversity metric

- 3 References to the biodiversity value of any habitat or habitat enhancement are to its value as calculated in accordance with the biodiversity metric.

Status: This is the original version (as it was originally enacted).

- 4
 - (1) The biodiversity metric is a document for measuring, for the purposes of this Schedule, the biodiversity value or relative biodiversity value of habitat or habitat enhancement.
 - (2) The biodiversity metric is to be produced and published by the Secretary of State.
 - (3) The Secretary of State may from time to time revise and republish the biodiversity metric.
 - (4) Before publishing or republishing the biodiversity metric the Secretary of State must consult such persons as the Secretary of State considers appropriate.
 - (5) The Secretary of State may by regulations make transitional provision in relation to the revision and republication of the biodiversity metric.
 - (6) The Secretary of State must lay the biodiversity metric, and any revised biodiversity metric, before Parliament.

Pre-development biodiversity value

- 5
 - (1) In relation to any development for which planning permission is granted, the pre-development biodiversity value of the onsite habitat is the biodiversity value of the onsite habitat on the relevant date.
 - (2) The relevant date is—
 - (a) in a case in which planning permission is granted on application, the date of the application, and
 - (b) in any other case, the date on which the planning permission is granted.
 - (3) But the person submitting the biodiversity gain plan for approval and the planning authority may agree that the relevant date is to be a date earlier than that specified in sub-paragraph (2)(a) or (b) (but not a date which is before the day on which this Schedule comes into force in relation to the development).
 - (4) This paragraph is subject to paragraphs 6 and 7.

- 6
 - If—
 - (a) a person carries on activities on land on or after 30 January 2020 otherwise than in accordance with—
 - (i) planning permission, or
 - (ii) any other permission of a kind specified by the Secretary of State by regulations, and
 - (b) as a result of the activities the biodiversity value of the onsite habitat referred to in paragraph 5(1) is lower on the relevant date than it would otherwise have been,

the pre-development biodiversity value of the onsite habitat is to be taken to be its biodiversity value immediately before the carrying on of the activities.

- 7 Where planning permission is granted in respect of land which is registered in the biodiversity gain site register under section 100 of the

Environment Act 2021, the pre-development biodiversity value of the land is the total of—

- (a) the biodiversity value of the onsite habitat on the relevant date, and
- (b) to the extent that it is not included within that value, the biodiversity value of the habitat enhancement which is, on that date, recorded in the register as habitat enhancement to be achieved on the land.

Post-development biodiversity value

- 8 (1) In relation to any development for which planning permission is granted, the post-development biodiversity value of the onsite habitat is the projected value of the onsite habitat as at the time the development is completed.
- (2) That value is to be calculated by taking the pre-development biodiversity value and—
- (a) if at the time the development is completed the development will, taken as a whole, have increased the biodiversity value of the onsite habitat, adding the amount of that increase, or
 - (b) if at the time the development is completed the development will, taken as a whole, have decreased the biodiversity value of the onsite habitat, subtracting the amount of that decrease.

This is subject to paragraph 9.

- 9 (1) This paragraph applies in relation to any development for which planning permission is granted where—
- (a) the person submitting the biodiversity gain plan for approval proposes to carry out works in the course of the development that increase the biodiversity value of the onsite habitat, and
 - (b) the planning authority considers that the increase is significant in relation to the pre-development biodiversity value.
- (2) The increase in biodiversity value referred to in sub-paragraph (1) is to be taken into account in calculating the post-development biodiversity value of the onsite habitat only if the planning authority is satisfied that the condition in sub-paragraph (3) is met.
- (3) The condition is that any habitat enhancement resulting from the works referred to in sub-paragraph (1)(a) will, by virtue of—
- (a) a condition subject to which the planning permission is granted,
 - (b) a planning obligation, or
 - (c) a conservation covenant,
- be maintained for at least 30 years after the development is completed.
- (4) The Secretary of State may by regulations amend sub-paragraph (3) so as to substitute for the period for the time being specified there a different period of at least 30 years.

Registered offsite biodiversity gains

- 10 (1) “Registered offsite biodiversity gain” means any habitat enhancement, where—
- (a) the enhancement is required to be carried out under a conservation covenant or planning obligation, and
 - (b) the enhancement is recorded in the biodiversity gain site register (as to which, see section 100 of the Environment Act 2021).
- (2) References to the allocation of registered offsite biodiversity gain are to its allocation in accordance with the terms of the conservation covenant or planning obligation referred to in sub-paragraph (1)(a).
- (3) The biodiversity value of registered offsite biodiversity gain is measured, under the biodiversity metric, in relation to development to which it is allocated.

Biodiversity credits

- 11 “Biodiversity credits” means credits under section 101 of the Environment Act 2021.

General

- 12 (1) In relation to development for which planning permission is granted—
- “onsite habitat” means habitat on the land to which the planning permission relates;
 - “planning authority” means the local planning authority, except that—
 - (a) in a case where the planning permission is granted by Mayoral development order under section 61DB, “planning authority” means such of the Mayor of London or the local planning authority as may be specified in the order;
 - (b) in a case where the planning permission is granted by the Secretary of State under section 62A, 76A or 77, “planning authority” means such of the Secretary of State or the local planning authority as the Secretary of State may determine;
 - (c) in a case where the planning permission is granted on an appeal under section 78, “planning authority” means such of the person determining the appeal or the local planning authority as that person may direct.
- (2) “Habitat enhancement” means enhancement of the biodiversity of habitat.
- (3) References to the grant of planning permission include the deemed grant of planning permission.

“SCHEDULE
2A

Section 103

BIODIVERSITY GAIN

Introductory

- 1 (1) This Schedule applies to development which—
 - (a) is of a description of development to which a development consent order application may relate, and
 - (b) is not excluded development,to the extent that the development is carried out in England.
- (2) In this Schedule—

“development consent order application” means an application made under section 37 which falls to be determined under section 104 or 105;

“excluded development” means development of a description specified in regulations made by the Secretary of State.

Biodiversity gain statement

- 2 (1) A biodiversity gain statement is a statement of government policy in relation to the biodiversity gain to be achieved in connection with any description of development to which this Schedule applies.
- (2) In particular the statement must—
 - (a) set out a biodiversity gain objective for any description of development to which this Schedule applies, and
 - (b) set out that, where development consent order applications are made for any development of that description during a period specified in the statement, the development must meet that objective.
- (3) The statement may specify how development of any description may or must meet the biodiversity gain objective.
- (4) In this Schedule, references to the period for which a biodiversity gain statement has effect are to the period referred to in sub-paragraph (2)(b).
- 3 (1) A biodiversity gain objective is an objective that the biodiversity value attributable to development to which a biodiversity gain statement relates exceeds the pre-development biodiversity value of the onsite habitat by a percentage specified in the statement.
- (2) The percentage specified under sub-paragraph (1) must be at least 10%.
- (3) The Secretary of State may by regulations amend sub-paragraph (2) so as to change the percentage for the time being specified in it.
- 4 (1) A biodiversity gain statement may specify for the purposes of a biodiversity gain objective how the biodiversity value or relative biodiversity value of any habitat or habitat enhancement is to be calculated.

Status: This is the original version (as it was originally enacted).

- (2) That may include calculation by, or by reference to—
 - (a) a biodiversity metric set out in a document produced by the Secretary of State for the purposes of the statement,
 - (b) the biodiversity metric referred to in paragraph 4 of Schedule 7A to the Town and Country Planning Act 1990, or
 - (c) such other biodiversity metric as the Secretary of State considers appropriate.
 - (3) The Secretary of State must—
 - (a) lay any document within sub-paragraph (2)(a) before Parliament, and
 - (b) publish it in such manner as the Secretary of State considers appropriate.
- 5 (1) A biodiversity gain statement may specify for the purposes of a biodiversity gain objective—
- (a) what the pre-development biodiversity value of onsite habitat consists of, and
 - (b) the date by reference to which it is calculated.
- (2) A biodiversity gain statement may in particular under sub-paragraph (1)(b) specify a different date in relation to development on land where activities on the land before the making of a development consent order application have, or have had, the result that the biodiversity value of the onsite habitat is lower than it would otherwise have been.
- (3) A biodiversity gain statement must include provision to secure that, where a development consent order application relates to land which is registered in the biodiversity gain site register, the pre-development biodiversity value of the onsite habitat includes the biodiversity value of the habitat enhancement which is, on the date specified under sub-paragraph (1)(b), recorded in the register as habitat enhancement to be achieved on the land.
- 6 (1) A biodiversity gain statement may specify for the purposes of a biodiversity gain objective what the biodiversity value attributable to any development consists of.
- (2) In particular, a biodiversity gain statement may specify any of the following as included in the biodiversity value attributable to any development—
- (a) the post-development biodiversity value of the onsite habitat,
 - (b) the biodiversity value of any offsite biodiversity gain allocated to the development (which may be registered offsite biodiversity gain), and
 - (c) the biodiversity value of any biodiversity credits purchased for the development.
- (3) If pursuant to sub-paragraph (2)(a) a biodiversity gain statement specifies the post-development biodiversity value of the onsite habitat, the statement must specify what that value consists of.

- (4) If pursuant to sub-paragraph (2)(b) a biodiversity gain statement specifies the biodiversity value of any offsite biodiversity gain allocated to the development, other than registered offsite biodiversity gain, the statement must specify—
 - (a) what offsite biodiversity gain consists of, and
 - (b) how the allocation of offsite biodiversity gain is to be recorded.
 - (5) Provision under sub-paragraph (3) or (4) must include provision to secure that, where works are carried out for the purposes of any development that increase the biodiversity value of onsite or offsite habitat by an amount that is significant in relation to its previous biodiversity value, the increase is to be taken into account only if—
 - (a) any habitat enhancement resulting from the works is maintained for a period specified in the statement, and
 - (b) the maintenance of that habitat enhancement is secured in a way specified in the statement (for example, through conservation covenants or requirements imposed by a development consent order).
- 7 (1) A biodiversity gain statement must set out whether, and if so how, the biodiversity gain objective applies in relation to development where the onsite habitat is irreplaceable habitat.
- (2) A biodiversity gain statement may specify requirements, in relation to any such development, relating to the making of arrangements for the purpose of minimising the adverse effect of the development on the onsite habitat.
- 8 A biodiversity gain statement must specify the evidence that persons making a development consent order application in relation to which the statement has effect must produce in order to demonstrate how the biodiversity gain objective is met.

Development covered by an existing national policy statement

- 9 (1) This paragraph applies where, at the time this Schedule comes into force, an existing national policy statement sets out policy in respect of a description of development to which this Schedule applies.
- (2) On the first review of the existing national policy statement under section 6 after the coming into force of this Schedule, the Secretary of State must amend the statement under section 6(5)(a) so as to include a biodiversity gain statement for development of that description.
- (3) The Secretary of State may issue a separate biodiversity gain statement (a “separate biodiversity gain statement”) having effect for any period before that for which the statement included in the existing national policy statement under sub-paragraph (2) has effect.
- (4) Before issuing a separate biodiversity gain statement the Secretary of State must consult such persons as the Secretary of State considers appropriate.

Status: This is the original version (as it was originally enacted).

- (5) The Secretary of State must keep a separate biodiversity gain statement under review and may amend it at any time.
- (6) The Secretary of State must—
 - (a) lay a separate biodiversity gain statement before Parliament, and
 - (b) publish it in such manner as the Secretary of State considers appropriate.
- (7) A separate biodiversity gain statement is for the purposes of section 104(2) to (9) to be regarded as contained in the existing national policy statement.
- (8) If it appears to the Secretary of State that the existing national policy statement is inconsistent with a separate biodiversity gain statement, the Secretary of State may amend the existing national policy statement in such manner as seems appropriate to the Secretary of State to remove the inconsistency.
- (9) Where the existing national policy statement is amended pursuant to sub-paragraph (2) to include a biodiversity gain statement in relation to any description of development, a separate biodiversity gain statement relating to development of that description must be revoked as from the beginning of the period for which the new statement has effect.
- (10) If the existing national policy statement’s designation as a national policy statement is withdrawn in relation to any description of development, any separate biodiversity gain statement relating to development of that description has effect as if it were a biodiversity gain statement issued under paragraph 10(2).
- (11) References in sub-paragraphs (4) to (10) to separate biodiversity gain statements include amended versions of such statements.
- (12) For the purposes of this Schedule, “existing national policy statement” means a national policy statement which is designated under section 5 before the coming into force of this Schedule.
- (13) For the purposes of sub-paragraph (2), an existing national policy statement is only reviewed under section 6 after the coming into force of this Schedule if the review begins after that time.

Development not covered by a national policy statement

- 10 (1) This paragraph applies where, at the time this Schedule comes into force or any subsequent time, no national policy statement sets out policy in respect of a description of development to which this Schedule applies.
- (2) The Secretary of State may issue a biodiversity gain statement in relation to that description of development.
- (3) Before issuing a biodiversity gain statement under sub-paragraph (2) the Secretary of State must consult such persons as the Secretary of State considers appropriate.

- (4) The Secretary of State must keep a statement issued under sub-paragraph (2) under review and may amend or revoke it at any time.
- (5) The Secretary of State must—
 - (a) lay a statement issued under sub-paragraph (2) before Parliament, and
 - (b) publish it in such manner as the Secretary of State considers appropriate.
- (6) References in sub-paragraphs (3) to (5) to statements issued under sub-paragraph (2) include amended versions of such statements.
- (7) If after a statement is issued under sub-paragraph (2) a national policy statement relating to the description of development is designated under section 5, the Secretary of State must—
 - (a) include a biodiversity gain statement in relation to that description of development in the national policy statement, and
 - (b) revoke the statement issued under sub-paragraph (2).

Development at sea

- 11 (1) The Secretary of State may by regulations provide for this Schedule to apply, with or without modifications, to any development to which this paragraph applies.
- (2) This paragraph applies to development which—
 - (a) is of a description to which a development consent order application may relate, and
 - (b) is not excluded development,to the extent that the development is carried out in the English marine region.
- (3) In sub-paragraph (2), the “English marine region” means—
 - (a) the English offshore region, and
 - (b) the English inshore region, excluding waters in England.
